

Work, Music, Play.

We specialise in the promotion of work-life balance through musical performance and dance opportunities within City firms and also at our own premises based at Billingsgate Market. Additionally, we are the current market leaders for facilitating and producing fundraising musical performances, bringing together employees from City firms, school children and professional musicians, affording them all the opportunity to perform at some of the UK's most prestigious venues.

We offer the opportunity to be directed by professionals and perform in world famous venues whilst at the same time generating funds for very worthy charitable causes.

CMS Productions and Charity Fundraisers

We have significant experience managing spectacular productions in some of the UK's most reputable venues. Our productions range from in-house stage performances to high profile celebrity charity fundraisers.

Large scale productions are a great way of increasing staff morale, unlocking talent, supporting successful team work, instilling pride and driving ambition - whilst at the same time raising money for charity and supporting local community initiatives.

Elements of a CMS Production - we do it all!

Song | Dance | Instrumental Music |
Theatre | Design | Visual Arts |
Stage Management | Promotion

We have produced large scale shows in some of the UK's most reputable venues including Glyndebourne and Sadler's Wells theatres.

Vocal & Instrumental Tuition | Dance Programmes

Choose between getting out of the office and having lessons at the CMS Arts Centre, Billingsgate, or having the convenience of an in-house arrangement using your organisation's facilities. Either way, our vocal, music and dance and lessons are accessible for all levels of ability and our specialist tutors will tailor your sessions to ensure you get the most out of them at your own pace.

Productions | Choral & Instrumental Ensembles

Our growing choir, CMS Chorale, is based in Canary Wharf and currently performs three main concerts a year at Christmas, Easter and during the Summer. Rehearsals take place once a week in a relaxed and fun atmosphere under the guidance of our experienced conductor Andrew Sackett.

These concerts are a great way for CMS instrumental and vocal students to gain valuable experience by performing a rehearsed solo or duet in front of a live audience.

We also facilitate and develop in-house choirs, giving staff and community groups an opportunity to get together.

Speech and Presentation Coaching | Team Building | Corporate Entertainment

Whether you need coaching for an important project, need to get your team working more effectively or need help putting together Corporate Entertainment ideas for your event, our extended corporate services programme can meet your requirements.
